OF MAINE.

Subject to the decision of the Republican National Convention.

"We always have the American flag above us and not below us."—James G. Blaine.

RENO FROM A HYGIENIC POINT.

It is a scientifically ascertained fact—one that is freely admitted by students of chemistry—that consumptives and others afflicted with pulmonary diseases are greatly benefited by inhaling the air of pine forests, or by living contiguous to such forests. Reno could not be more advantageously situated in this respect. But a few miles distant from this growing town are the great health producing pineries of the Sierra Nevada range, from which winds, freighted with the nourishing air of the pine forest, blow continually over and across the beautiful valley in which Reno is located, giving to the atmosphere all the benefits arising from the pine-covered regions. In no instance has the atmosphere or climate of Truckee Valley failed to benefit those suffering from pulmonary diseases, while in numerous cases, cures apparently permanent, have been recorded where the afflicted parties sought the curing properties of the pine-covered mountains in the early stages of the disease. The town is sufficiently removed from the mountains to receive the modifying effects of the valley atmosphere, which softens the mountain air and causes it to act like a tonic on the irritated lungs. No undue chilliness is experienced here, hence no bad effects result. Atmospheric changes are not so radical as to render it dangerous to those suffering from weak lungs, as is too frequently the case in health resorts near the sea-coast. With all the scientific advantages here to be found, it is not improbable that this portion of Nevada will ultimately become the Mecca of those who come westward in search of health. Mr. A. H. Barnes, of Reno, is a striking illustration of the healing properties of our atmosphere, and is without doubt the only parallel instance on record. Bather your lungs in the rich healing atmosphere of Western Nevada, and the germs of fatal consumption will be effectually crushed out.

The members of the Grand Army who participated in the demonstration Thursday at Wheeling, W. Va., refused to pass under a portrait of President Cleveland, suspended from the Register office. The entire column made a detour and dropped colors in passing the picture. There were over 5,000 veterans in line from Pennsylvania, Ohio and West Virginia.

The Government of New South Wales having offered 300,000 acres of land to any missionary society that will undertake to civilize the natives, the Pope has directed that immediate attention be paid to the offer in order to forestall Protestant societies.

Governor Hill, of New York, has made an order convening an extra general term of the Supreme Court for the city of New York on the 7th day of September next, for the purpose of insuring a prompt hearing and decision in the Sharp case.

Eliza Howard Powers died in Washington Thursday. From April 28, 1861, to August 14, 1864, she devoted her time, energy, influence and means to the service of the Union soldiers in caring for the sick and wounded.

The regular meeting of the Cabinet was held at the White House Thursday. Those present were Secretary Bayard, Acting Secretary Thompson, Acting Attorney-General Jenks and Acting Secretary Muldrow.

Henry Ward Beecher's late home in Brooklyn has been leased by Mrs. Maria White, a friend of the family, and in a few weeks will be opened as a boarding-house, having been entirely refurbished.

There is a general belief that the Chicago Anarchists are doomed. The verdict of the Illinois Supreme Court will be rendered the first Tuesday in September.

Mayor Pond, of San Francisco, has appointed a committee to extend an invitation to President Cleveland to visit the Pacific Coast.

General Master Workman Powderly has made public a letter denying that he is in any way connected with the American party.

THE PACIFIC RAILROADS.

What an Alabama Congressman Says of the Situation.

WASHINGTON, August 25.—Congressman Oates, of Alabama, who is now in this city, says, touching the action of the next Congress on the subject of the Pacific Railroad Commission: "The House will be very thirsty after the Pacific railroad follows. There will be a decided determination on the part of the House to go clean to the bottom and get at the facts. If the present commission has not the power to extract the desired information, then, if we have the power, we will pass a law giving the Pacific Railroad Commission all powers to act in the premises. I think the House can pass such a law on the ground that the results of the investigation now going on are necessary for the House to know in order to act intelligently in future legislation affecting railroads. The Interstate Commerce bill will be amended and I believe the Civil Service law will also be."

United After Fifty Years.

PHILADELPHIA, August 26.—Charles Brooks, aged 87 years was married yesterday forenoon to Emma Elrich, aged 68, in this city. Before the marriage Brooks said he was about to fulfill a promise made over 50 years ago. She who he was about to marry had won his heart over half a century ago. They were lovers then. She was the daughter of a well-to-do Jersey farmer and was one of the prettiest girls in the country. The girl's father opposed their union and not long afterwards they were separated. She was taken to Virginia and he went West, and soon both were lost to each other. Some years later he came back to Philadelphia and married. His wife died, and he was quietly living a widower's life, when, after a separation of almost half a century, he discovered that Miss Elrich was living in Philadelphia. They soon met. She had been constant always, and had never married. She reminded him of the old promise and he proposed marriage.

When the old man had finished his story Squire Schmidt smiled, and then the knot was tied. When the Squire had pronounced the last word the old man kissed his bride and the quaint old lady leaned over, kissed and hugged the groom. Then Squire Schmidt said solemnly, "Bless you, my children." The certificate was handed to the lady and with hearty farewells the couple, locked arm in arm, started for home.

The rumor is revived that Mr. Semmes, of Louisiana, is to succeed the late Justice Woods on the Supreme Bench, but the rumor does not seem to be credited among Louisianians. Mr. Semmes stands at the head of the bar of the State and has a national reputation. Last year he was President of the American Bar Association, but he is several years older than Secretary Lamar, and it is said the President is averse to appointing an old man. Some of the Louisianians think that Judge Fenner of the Supreme Bench of that State is more liable to be chosen, should the President go to Louisiana to fill the vacancy, as Judge Fenner, though not much over fifty years of age, is considered to be a very able jurist.

Deputy Surveyor-Generals are hereafter to be excluded from the class of officers forbidden by statute or by the regulations from taking advantage of the land and mining laws in the districts wherein they live. Commissioner Sparks has held heretofore that deputy surveyors come under the provisions of the statutes the same as Registers and Receivers of Land Offices. In the case of Charles Moore, however, the Secretary of the Interior reverses the decision of the Commissioner and allows the applicant, who is a Deputy Surveyor of Colorado, the two mining claims he had taken up and which the Commissioner asserted he had no right to enter.

Senator J. P. Jones, who owns a ranch in Butte county, Cal., is reported to have sent an invitation to a number of Society young men of San Francisco asking them to organize a baseball nine, and to do battle with the first nine of Butte.

It may sound like a wild declaration but Nevada is bound to become one of the most productive States in the Union, says the NEVADA STATE JOURNAL. To Nevada's case it may be truly said that all she needs to be productive is the earth. She certainly seems to have the ambition.—S. F. Post.

It may be set down as an assured fact that if Blaine is the Republican nominee, there is no man living who can take the vote of the Pacific States from him; and it is almost certain that should either Sherman or Allison be the nominee, he would carry California against Cleveland.—S. F. Chronicle.

Zach Bustle, a half-breed of Willow Creek, in Northern California, whipped his eight-year-old boy so brutally that the little fellow died. Bustle hid the body and fled the country.

Democratic Financiers.

CHICAGO, August 25.—The Daily News' Indianapolis (Ind.) special says: More crooked transactions in the management of the State finances by Democratic officers during the last four years have been discovered. It has been found that in 1885 they collected from the counties \$249,646 of revenue that legally belonged to the next fiscal year, and this was not properly credited on the books. They also charged to increased receipts \$600,000 of temporary loans, which represented a refunding transaction at 4 per cent. in 1885. They also anticipated the revenues to the amount of \$213,047 15, and by these methods succeeded in making it appear that the State was in a better condition financially at the end of the Democratic administration than it ever was, when, as a matter of fact, they took charge of State affairs with a balance of over \$500,000 in the treasury and left it worse than bankrupt. It is believed that other illegal transactions will be discovered.

Comment on the Death of a Well-Known Actor.

NEW YORK, August 25.—Referring to the death of Frank R. Truth says: His late years were spent in teaching others do that which he failed to accomplish himself—make a living on the stage. The news of his death will be received with regret by a good many people, particularly in San Francisco where he lived for a good many years and where he had a number of warm friends. He leaves a widow in poor circumstances.

CHERRY CREEK.—Is waking up from her sleep of four years, and, like Rip Van Winkle, slowly at first shaking the dust from her rheumatic bones. She is already "out of the woods," and promises at no distant day to entirely shake off the lethargy of her long sleep and outshine her former glory. The initiative step in her new life was made by Fred Franks in the purchase of the Tipcup and Exchequer mines and mills, and the resumption of work on them. He is entitled to the credit of inaugurating the first move toward bringing about the new era that is now under way in Cherry. Since the ball has been set in motion by him, others, who have for years cast wistful eyes on the mineral belts around Cherry, are coming in. Charles Keeney, an old and experienced mining man, who has much practical experience in the district, has now got hold of the old Star and Grey Eagle mines, and this week put a force of twelve men to work on them. These, we are told, were all the miners he could get, and the force will be increased as fast as the condition of the mines will admit. That both these mines combined are a valuable property is no speculative theory, but a well established fact. We are glad to see the old camp coming to the front again. And we predict that with good management and some capital, Cherry will prove to the world the faith we have in her is well founded. So says the White Pine News.

A CLOSE CALL.—Last week, says the Pinnas National of August 20th, several of our local sports were over on the Middle Feather, deer hunting. Among the number was Dick Bell, who had wounded a deer and was following up a steep slide when he came to a large boulder. Just as he stepped around it the barrel of a rifle was staring him in the face. He threw his head back just in time to escape the contents, the ball going through his hat-brim about an inch from his left temple, peppering his cheek with powder. The concussion knocked him down, but he jumped to his feet and saw a man disappearing among the rocks and took a shot him, but he thinks without effect. Bell immediately returned to camp and the other boys went with him to the spot where they discovered a track leading toward the river. They followed quite a distance, but failed to see anything of the would-be murderer. The shooting was done so suddenly that Dick can give no description of the person, whether it was a white man or an Indian, nor has he any idea why he was shot at.

SUSANVILLE ACCOMMODATIONS.—The hotels of this place are making extensive preparations for the accommodation of the large number of people who will be here at the coming District Fair. Mr. Johnston has secured a number of beds in the private residences of this town, and will fill in every available space with beds. Mr. Peyser, of the Steward House, has purchased two dozen cots, and an unlimited amount of bed clothing, sheets, etc., and will be in a position to accommodate a large number of guests. Everything will be done to make it pleasant for those who attend the fair. So says the Lassen Advocate.

BRIGHT OUTLOOK.—From the Lassen Advocate we learn that the prospects for the town of Susanville were never better. All laborers who desire work can find employment. Town property has enhanced in value, and the indications are that prices will continue to increase.

A FORTUNATE FIND.

A Lady Found a \$20 Piece and Invested It.

The Silver State verifies this: A dispatch from Woodland, California, tells that while Mr. and Mrs. J. H. Hoppin, who are now here in Winemucca and corroborate the statement, were sojourning in Los Angeles, Mrs. Hoppin found a \$20 piece while walking with friends. This she regarded as an omen of good luck and she went the same evening to a real estate agent, with whom she had been talking, and gave him the \$20 as part payment on ten acres of land, at the same time telling the agent to sell it at an advance of \$75 per acre. In two or three days the agent went to her with the information that he had a purchaser for the land at that price. The money was duly paid, she realizing a cool \$750 from her \$20. From the same agent she purchased another ten-acre tract on the same condition, and paying the same forfeit. In a few days the agent came again and informed her that he had found a purchaser at an advance of \$50 an acre. At the instance of her husband she accepted the price, realizing another gain of \$500, and in all \$1,250 on the \$20 she found.

IN A BAD FIX.—Jake Shellabarger, a man 65 years of age, living in a cabin in Pinenut, has been suffering for a long time with rheumatism, and during a bad attack put his leg in water so hot that it fairly cooked it. The skin peeled off and the leg swelled to such proportions that it burst open, after which gangrene set in. The man when found, refused to go on the county, and was visited at his cabin by Dr. Young, of Genoa, who says that the afflicted member is in a horrible condition and will have to be amputated. After some persuasion on the part of the doctor he at last consented to be removed to town and have the operation performed. The Genoa Courier says that Shellabarger has relatives in Iowa, who make him regular remittances of money.

NEVADA CITY.—The local land association at Nevada City has just received orders from eight individuals in San Francisco and Sacramento for the purchase of fruit lands in that county.

A scheme is on foot for the building at that city of a mammoth tourists' hotel, with ample recreation grounds, including nearly twenty acres of natural park and lawn. San Francisco capitalists and local citizens are in the scheme.

Land values all through the Bartlett pear belt of this county are daily advancing and those who have heretofore been most incredulous as to the liability of a real estate boom striking Northern and Central California now admit that their judgment was at fault.

ANOTHER ENTERPRISE.—The Genoa Courier says Mr. A. A. Jennison, brother-in-law of M. Harris, has purchased an acre of ground between the hotel and blacksmith shop at Gardnerville, of Messrs Gilman and Lundergreen, and will erect a store building on the same forthwith. The work of constructing the building will commence next week, and Mr. Jennison expects to be ready to do business in about a month. He will lay in a large stock of dry goods, groceries, etc., and will no doubt build up a good trade with the farmers of that section.

QUINCY TOURNAMENT.—The Rough and Ready of Greenville, and the Rooters of Quincy, comprised of young men under 20 years of age, played for a purse of \$200 last Monday, the Rough and Ready getting away with it on the 8th inning, making a score of 35 to 6. The Santa Abies of Oroville were to have played the Clippers of Greenville, for a purse of \$1,000, Tuesday, and Wednesday the Hornets of Quincy were to play the winning club for \$1,000. The results of Tuesday and Wednesday's games have not yet been received here. So says the Lassen Advocate.

MCDONALD DIVORCE SUIT.—Great efforts have been making to compromise the divorce action pending between R. H. McDonald, Jr. and his wife, but these have evidently failed, as Mr. McDonald advertises that he is no longer responsible for her bills. Mrs. McDonald is living at the Palace Hotel in San Francisco. Spicy developments are promised.

FELL OVER A GRADE.—At Sierra City Wednesday afternoon a team and buggy belonging to A. C. Busch went over a grade at the Phoenix Mine Tunnel, and rolled down the mountain 500 feet. The animals were badly cut up and the vehicle totally wrecked. A Chinese cook had hold of the buggy and went down fifty feet, receiving a number of slight wounds.

COUNTY EXHIBITS.

\$100 FOR THE BEST, \$50 TO THE SECOND. The State Agricultural Society is laboring to bring out Nevada's resources. In order to have a proper exhibit from the various counties it offers \$100 for the best and \$50 for the second best exhibit by counties. Washoe county is exempt from competing because it is the "local" home of the Society. The articles grouped together by any county as a whole, will not be excluded from competing singly and may be entered in that manner, for the various classifications printed in the catalogue.

Trials of Speed to be conducted under the auspices of the Directors of the State Agricultural Society.

THE STATE AGRICULTURAL SOCIETY WAS ESTABLISHED IN ACCORDANCE with an Act of the Legislature of the State of Nevada, entitled "An Act to provide for the management and control of the State Agricultural Society of the State," approved March 7, 1885.

Members of the State Board of Agriculture:

L. J. FLINT, of Washoe County, C. C. POWNING, of Washoe County,
B. F. LEBE, of Washoe County, ALVARO EVANS, of Washoe County,
P. H. MULCAHY, of Washoe County, THEO. WINTERS, of Washoe County,
AL. WHITE, of Washoe County, F. DANGBERG, of Douglas County,
JOHN SWEENEY, of Ormsby County, W. S. BAILEY, of Churchill County,
T. B. RICKBY, of Douglas County, JOS. MARZEN, of Humboldt County.

Officers of the Society:

C. C. POWNING President
C. H. STODDARD Secretary
C. T. BENDER Treasurer

For Speed Programme, Premium List and other information, address C. H. Stoddard, Secretary, Reno, Nevada. C. C. POWNING, President.

C. H. STODDARD, Secretary.

No 24 Trotting—Mile heats, three in five, free for all, purse \$1,000, first horse \$200, second horse \$100, third horse \$50.

REMARKS AND CONDITIONS.

Nominations to stakes must be made to the Secretary on or before the first day of August. For District horses the stakes must be made for Monday's races on the Saturday preceding, for Wednesday's races, on Monday, and for Friday's races, on Wednesday, at the regular time for closing entries as designated by the rules. Those who have nominated in stakes must name to the Secretary in writing which they will start the day before the race, at 6 P. M. Horses entered in purses can only be drawn by consent of the judges.

The rules of the Pacific Blood Horse Association will govern running races.

All horses entered for State purses must be owned and kept in Nevada and California, east of the Sierra Nevada, for six months prior to day of race.

Entries to all trotting races will close September 1st, with the Secretary.

Five or more to enter and three or more to start in all races for purses.

National Trotting Association Rules to govern trotting races. Pacific Coast Blood Horse Association Rules to govern running races, except as above.

All trotting and racing races are the best three in five, unless otherwise specified, five to enter and three to start. But the Board reserves the right to hold a less number than five, all, by the withdrawal of a proportionate amount of the purse. Entrance fee, ten percent on purse, to accompany nomination.

National Trotting Association Rules to govern trotting, but the Board reserves the right to trot heats of any two classes alternately, if necessary to finish any day's racing, or to trot a special race between heats. A horse making a walk-over shall be entitled only to the entrance money paid in. When less than the required number of starters appear they may contest for the entrance money, to be divided as follows: 1st, to the first entrant; 2nd, to the second.

In all the foregoing stakes the declarations are void unless accompanied by the money.

Please observe that, in the above stakes, declarations are permitted for a small forfeit.

In all races entries not declared out by 6 P. M. of the day preceding the race shall be required to start.

Where there is more than one entry by one person, or in one interest, the particular horse they are to start must be named by 6 P. M. of the day preceding the race. No added money paid for a walk over.

Racing colors to be named in entries.

In trotting races drivers will be required to wear caps of distinct colors, which must be named in their entries.

Each day's races will commence promptly at one o'clock P. M.

All entries must be directly to C. H. Stoddard, Secretary of the Society.

EQUESTRIANISM.

Ladies' Grand Tournament for the most accomplished and graceful lady riders, Friday, Sept. 23, Wednesday, Sept. 26 and Friday, Sept. 30, at 10 o'clock A. M.

The Society offers four premiums, valued respectively at \$100, \$70, \$40 and \$20.

It is expected that other special premiums will be added to this list by private contribution. No one but ladies of the highest respectability will be allowed to compete for prizes.

Ladies wishing to compete for prizes will please send name to Secretary, endorsed by two members of the Society.

INDIAN PONY RACES.

On Thursday, Sept. 22d, Monday, Sept. 26th and Thursday, Sept. 29th the novelty of an Indian pony race will be provided, and the amusing sight of twenty or thirty noble red men of the forest, mounted on the wildest and most unmanageable cayuses imaginable, galloping around the track at break neck speed, will, as they are, excite the circus, be alone worth the price of admission.

CLYDESDALE MEDALS.

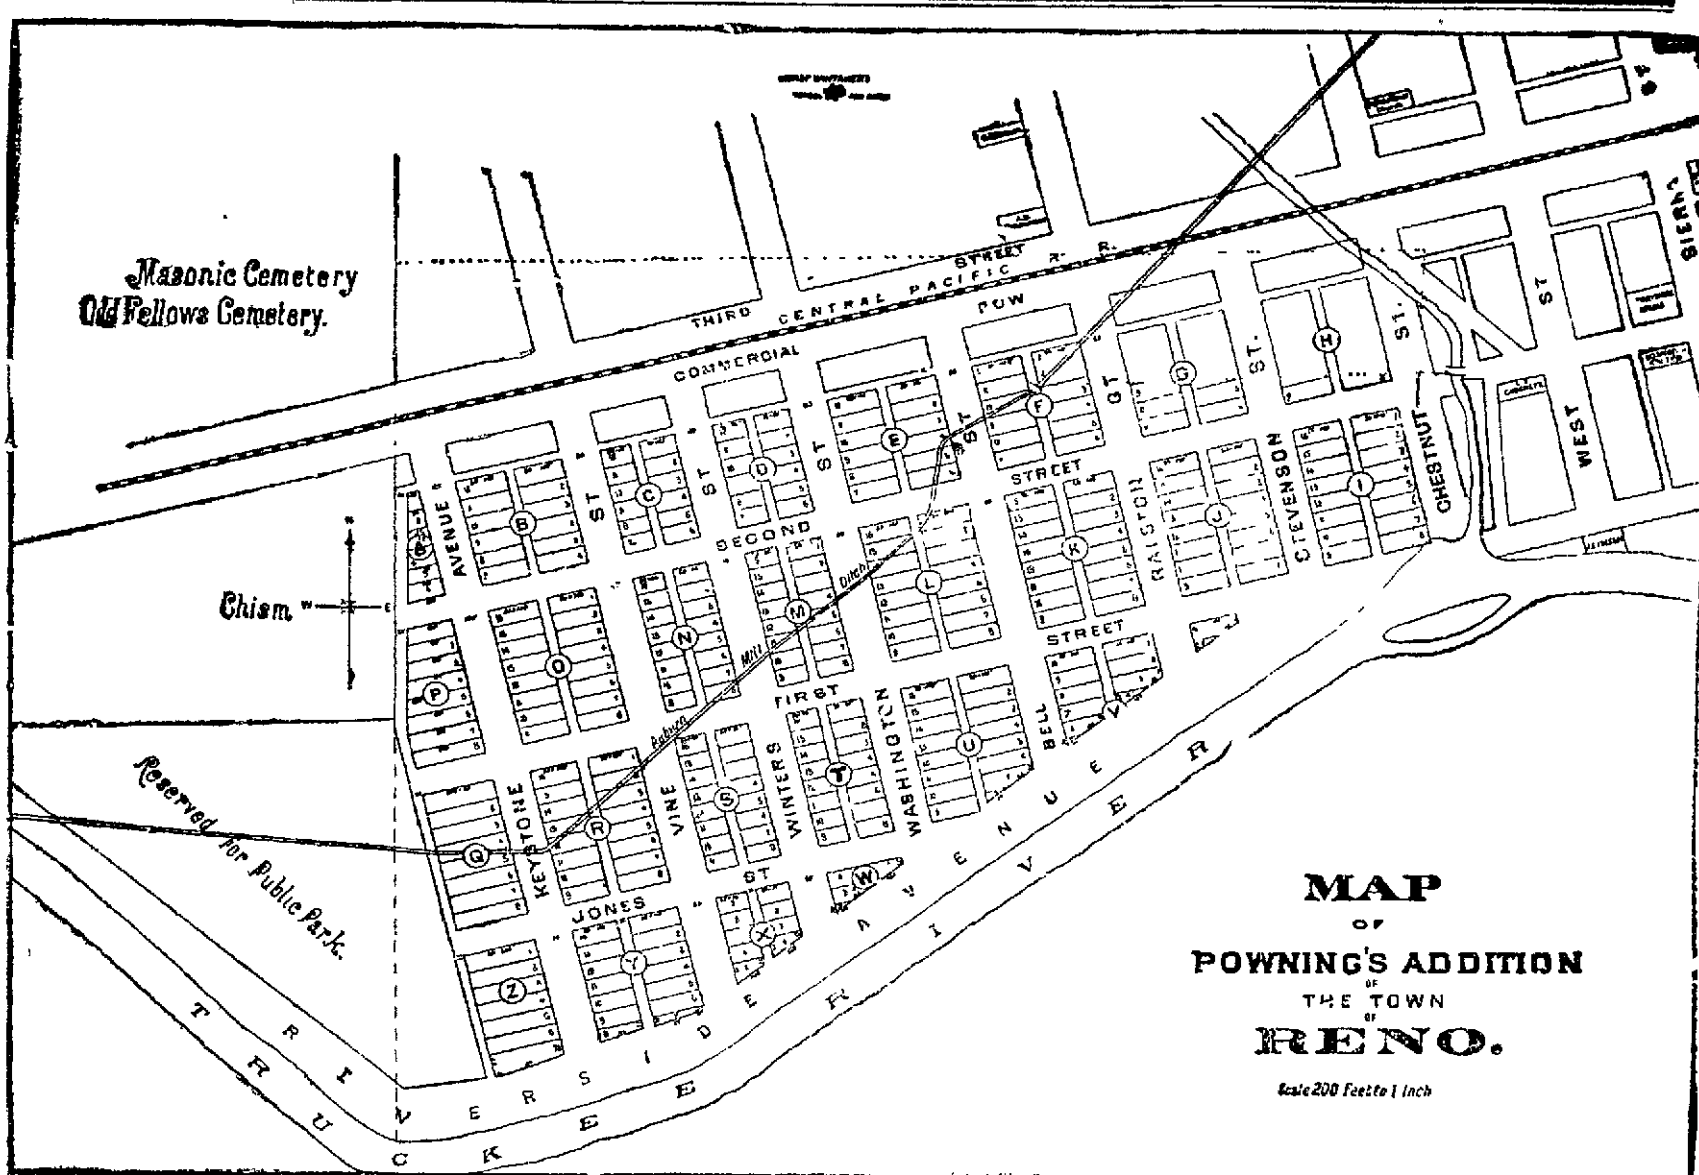

The American Clydesdale Association will give a valuable medal, of suitable design, for the best recorded Clydesdale stallion, and a similar medal for the best recorded Clydesdale mare bred in Nevada, and exhibited at the State Fair of 1887.

BALLOON ASCENSIONS.

Arrangements have been made for a series of balloon ascensions during the Fair, alike novel and exciting. Ascensions will be made daily from the race-track.

BICYCLE RACES.

Two or three bicycle races will take place between the fastest wheelmen in the State, and ten contestants are counted upon.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR INVESTMENT AND A HOME.

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

WEAK, NERVOUS PEOPLE

And others suffering from nervous debility, chronic diseases, premature decline of young or old, are positively cured by Dr. Horne's famous Electro-Magnetic Belt. Those who have tried it in the Union have been cured. It is sold in every State in the Union. Sold and sold ten years. Whole family can wear same belt. Electric suspension free with inside belts. Avoid worthless imitations and bogus companies. Electric Transfers for Rheumatism. 200 cured in '85. Send stamp for pamphlet.

PARKER'S MAP OF NEVADA.

PARKER'S NEW MAP OF NEVADA.

—THIS NEW AND BEAUTIFUL—

MAP OF THE STATE,

Has Just Been Published, and is Now Ready for Sale.

It has been completed with great care in order to insure its being strictly correct, and furnishes a vast fund of valuable information regarding the topography of the State. There never has been a Map of the State prepared heretofore worthy of the name, and it is intended to fill a long-felt want on the part of citizens. It has been lithographed at large expense by the famous publishing house of Rand, McNally & Co., of Chicago, and does great credit to their well-known skill in the art. The Map is drawn on a scale of 12 miles to the inch, and shows all surveyed Townships up to date of issue, also all Mountain Ranges, Valleys, Rivers, Creeks, Brooks, Streams and Lakes; it also shows the correct position of all Indian and Military Reservations, and all Cities, Towns and Settlements; also all Railroads and the principal Wagon Roads. The County Boundaries are also depicted with absolute correctness, which is something that no other Map has even approximated to.

The Map is printed on the best of paper, and mounted with stick, top and bottom, with tape on edges and varnished; it is also printed on thin, strong paper, which folds up in stout covers for pocket form. The Counties are printed with different colors, making it altogether an ornament to any school house, office, saloon or private room, as well as valuable for instruction and reference.

The Map has been compiled by John W. Parker, the Chief Draughtsman of the United States Surveyor-General's Office at Reno, who holds the copyright, and is the condensation of all information on file in that office, as well as the celebrated War Department Maps prepared by Lieutenant Wheeler; he has also had at his command other recent and reliable data on which to rely, and the Map is issued to the public in the firm belief that it is in every way authentic.

The Price of the Map is \$5.00,

And copies will be sent to any address, postpaid, upon receipt of the money. Parties ordering will be careful to state which style is desired—mounted or pocket form.

John W. Parker,
Reno, Nevada.

GOLD You can live at home, and make more money at work for us, than at any thing else in this world. Capital not needed, you are started free. Both sexes; all ages. Any one can do the work. Large earnings sure from first start. Costly outfit and terms free. Better not delay. Come to nothing to send us your address and find out; if you are wise you will do so at once.
